

2. Notes dated the 17th January 1917, of the Joint Inspection by the Chief Engineer, the Sanitary Commissioner and the Chairman of the City Improvement Trust Board, Mysore, stating that the locality is badly congested; that out of a total number of 300 houses facing the road 70 are unfit for human habitation; that the most suitable way of improving the area is to acquire the 70 houses, and open out gullies running east to west at intervals of 150 to 250 feet; and that in respect of the improvement of the other houses action should be taken under the provisions contained in the Trust Board Regulations.

3. Resolution of the Board of Trustees for the improvement of the Mysore City accepting the following procedure in regard to the improvement of the area, *viz.*—

- (a) that all the 70 houses referred to should be notified for acquisition, and
- (b) that in the case of the houses not marked out for entire demolition the owners should be given the choice of improving the houses themselves in conformity with a general plan prescribed by the Trust Board.

Resolution No. 21, dated 11th May 1918.

Resolved that the estimate for Rs. 2,36,312, for acquisition and demolition of the insanitary houses be approved.

T. V. ARUMUGUM,  
*President, Central Sanitary Board.*
